Q3 2020

Solid third quarter – guidance restored

Kimmo Alkio, President and CEO
Tomi Hyryläinen, CFO
Q3 in brief

Solid third quarter – guidance restored

- Adjusted operating margin 14%, supported by resilient business mix
- Organic revenue growth -4%, impacted by Covid-19
- Industry Software profitability over 20%
- Integration on schedule and synergy contribution to profit EUR 11 million as planned
- Guidance restored as announced on 20 October
Covid-19 implications

Industry analysts estimate -3% to -7% decline in IT market due to Covid-19

For TietoEVRY impact in Q3 appr. -4% and Q4 expected to be at similar level

Negative profit impact fully mitigated through short term savings

Future of work continuously being developed – employee safety and productivity stable
Key priorities in a changing environment

**Year of integration**
- Build customer trust
- Common processes
- Deliver synergies
- Covid mitigation

**Cultural foundation**
- Nordic heritage and value base
- Culture Code
- Leadership aspirations
- Employee engagement

**Sources of innovation and future growth**
- Investing into Cloud, automation, AI/Data science
- Shift towards growth agenda
- Future growth bets being initiated
Integration progressing with high engagement

Integration focus area

- **Integrated structure and leadership**
  - Integrated businesses and functions globally
  - Establishing integrated structures for Financial Services as planned

- **Common processes and systems**
  - Common system implementation (e.g. HR, CRM) progressing
  - High change management effort to utilize common systems

- **Integrated go-to-market and service portfolio**
  - Progress with integrated value proposition to the market
  - Active customer engagement and deal closures

- **Employee engagement and cultural integration**
  - High engagement levels across the company continues
  - Code-of-conduct, culture code and diversity principles defined

- **Synergy planning and realization**
  - Progress on track to deliver upgraded EUR 100 million synergies
  - EUR 70-80 million run rate executed by 2020

Q2 status  Q3 status
Supporting City of Västerås in their digital transformation journey

TietoEVRY supporting City of Västerås, as a new customer, in their digital transformation by delivering workplace, infrastructure and security services

4 (+1) year agreement with TCV of SEK 300 million

Strong momentum in public sector to utilize the opportunities within digitalization

TietoEVRY has a solid position in the digitalization of the public sector
TietoEVRY to boost productivity and cost-efficiency with automation and new technologies – and enable efficient use of data

Service scope incl. next-generation application services, analytics and data services, DigiOps, multi-cloud and capacity services

“We have carefully scanned our options and decided on leading technology companies, including our strategic partner TietoEVRY which has proven strong capabilities to help build digital leadership, accelerate our growth, and ensure business continuity”

- Arto Hiltunen, Chief Information Officer of Kesko.

• Profitability remained strong while investment level maintained at a higher level to support delivery of won new business

2020: Integrating software and utility models, drive common software R&D practices and accelerate growth businesses
Product Development Services

Business highlights

- Revenue EUR 33 million, organic growth* -4.0%
- Adjusted EBIT EUR 4.1 (3.1) million, 12.3% (9.0)
- Covid-19 impact appr. -6% mostly affecting the automotive industry
- High market activity and pipeline development with higher demand in 5G Radio and 5G Core expertise
- Increased profitability driven by effective cost base management

2020: Building new markets, expand customer base and continue driving operational efficiency

* Adjusted for currency effects, acquisitions and divestments

**Adjusted for amortization of acquisition-related intangible assets, restructuring costs, capital gains/losses, goodwill impairment charges and other items affecting comparability
CFO report
CFO highlights

- Strong profitability driven by synergy contribution and Industry Software
- Synergy execution progressing well with continued focus on building a competitive and sustainable cost structure
- Rigid cost management mitigating Covid-19 profit impact
- FX headwinds continuing with EUR -16 million impact on revenue
- Solid operating cash flow of EUR 108 million
Rigid cost management mitigating Covid-19 profit impact

Delivery cost management
- Delivery cost optimization by managing external consultants, subcontractors and temporary layoffs of personnel

Strict cost control and stop spend mindset
- Strict travel restrictions to safeguard employee health and control cost
- Customer and social events converted to digital platforms
- Increased control over procurement of personal IT equipment
- Adapting facility costs in the short-term and building a view for the future of work

- Covid-19 revenue impact of appr. -4%
- Negative profit impact mitigated
Merger efficiency realization on track to achieve EUR 100 million, with EUR 70-80 million executed by end of 2020

- Target merger efficiencies unchanged at EUR 100 million, with merger efficiency run-rate of EUR 70-80 million executed by end of 2020

- Q3 result supported by EUR 11 million, full-year profit contribution EUR 25-30 million

- Consultations for restructuring of 550 FTEs initiated in September, with the aim of finalizing potential termination agreements during Q4

- Total estimated one-time integration costs reduced to EUR 110-120 million (previously EUR 120-140 million)

- One-time integration costs for 2020 estimated to be EUR 80-85 million, with EUR 75 million realized year-to-date

*Q3 includes provisions for restructuring consultations initiated in September 2020
# Large one-time items in 2020 – significantly lower in 2021

- Q3 integration costs include provisions for restructuring initiated in September 2020 and a non-cash write down of capitalized R&D amounting to EUR 17.4 million as a result of R&D road map integration in FSS
- IBM transition of services based on new agreement, ending in H1 2021
- Preliminary view of FY2022 integration costs indicate EUR 5-10 million

*) Cash flow impact differs from P&L profile, e.g. for restructuring accruals the cash flow impact is back-end loaded.
Solid cash flow with good receivables collection

Net cash flow from operations

- EUR 108.4 million cash flow from operations
- Working capital decreased by EUR 31.5 million as a result of favorable development in AR and AP
- No visible delays due to Covid-19 in receivables collection

Capital expenditure (capex)

- Capex temporarily at lower level due to holiday impact and normal quarterly fluctuations. Back to normal run rate in Q4
- Main capex components: 1/3 fixed assets, primarily related to datacenter investments and 2/3 in-house developed SW, primarily related to Core Banking platform in Financial Services Solution

*1 Including 25 days EVRY impact
Guidance and performance drivers
Performance drivers – Q4 2020

**Covid-19 impact**
- Q3 revenue impact appr. -4%, Q4 impact at a similar level
- Profit impact being mitigated through active cost saving measures

**Accelerated synergies**
- Estimated full-year synergies EUR 25-30 million, of which EUR 11 million in Q3
- Anticipated year-end synergy run-rate EUR 70-80 million

**Negative FX impact**
- Estimated negative impact on Q4 revenue ~EUR 14 million
- Estimated full-year impact ~EUR 80 million on revenue and ~EUR 13 million on adjusted EBIT

**Other operational drivers**
- Backlog in support of Q4 revenue ambition
- Cloud & Infra revenue and profitability temporarily impacted due to lost customers (2019) and incremental costs in IBM related quality improvement and process harmonization (as announced in May)
TietoEVRY expects its comparable full-year adjusted* operating profit (EBIT) to increase from the previous year's level (Tieto's and EVRY's adjusted operating profit combined amounted to a total of EUR 341.7 million in 2019).

*Adjusted for amortization of acquisition-related intangible assets, restructuring costs, capital gains/losses, goodwill impairment charges and other items affecting comparability
